

## CRUZIANA (C7)

Cruziana → inchofossil

**Provenance** : France; Loire Atlantique, Saint-Aubin-les-Chateaux, Carriere Chauvin

**Formation** : ? Fm

**Age** : Middle Ordovician, Darriwilian

**Details** : This ichnofossil may be of a trilobite, but it might equally be of another arthropod. It was made by the animal crawling on the sediments. However, don't ask me about the actual process of the fossilization.
