

Euloma filacovi (Munier-Chalmas & Bergeron, 1869) (TH400)

Euloma → Ptychopariida → Ptychopariina → Ptychoparioidea → Eulomidae

Provenance : France; Montagnes Noires, Donnadiou

Formation : ? Fm

Age : Lower Ordovician, Tremadocian

Details : Hard-to-get species, so I didn't hesitate to purchase, even if the posterior part (including pygidium) is missing. In the detail images different lighting angles were used to bring out the surface details.
