

Ptychoparia striata (Emmrich, 1839) (TH363)

Ptychoparia → Ptychopariida → Ptychopariina → Ptychoparioidea → Ptychopariidae
CORRECTION : ***Ptychoparia*** → Uncertain Order (ex-Ptychopariida) → Ptychopariidae

Provenance : Czech Republic; Skryje Buchava

Formation : ?Buchava Fm

Age : Middle Cambrian, Drumian

Details : A friend vendor was offered a box of Czech trilobites (mostly bits), and asked me to make an evaluation of the content (some tags had been displaced). In the end, I was offered the box at the little money I had left that day. What we have here is an unevenly extracted part-counterpart of a pygidium (which might be exposed a bit more through additional prep).
