

Ectillaenus cf. perovalis (Murchison, 1839) (TH226)

Ectillaenus → Corynexochida → Illaenoidea → Illaenidae

Provenance : Morocco, Tazzarine

Formation : ? Fm

Age : Ordovician

Details : Complete specimen (as internal mould, and with some slight damage on the pygidium) sold to me as *Ectillaenus perovalis*, a species known from the UK (southern Wales and England's Shropshire)...hence my use of that "cf."!

Bought on : 13/09/2015

Bought at : Auto World, Brussels

Event : International Minerals and Fossils Fair 2015
