

Cyphaspides cf. pankowskiorum Chatterton, Gibb & McKellar, 2020 (TH145)

Cyphaspides → Aulacopleurida → Aulacopleurina → Aulacopleuroidea → Aulacopleuridae → Cyphaspidinae

Provenance : Morocco; Jorf

Formation : ?Boutchafrine Fm

Age : Lower Devonian, Pragian

Details : I had actually already decided on this one before, having been shown it privately two months earlier (the *Kingaspis* sp. (TH46) was there too, but the combined price ticket was still something to mull over). Adrain (2012) put the Aulacopleuroidea in an order of their own, but quite a lot of trilobite researchers at first seemed to be in disagreement about that. Anno 2023 however, there's no more queeziness about the Aulacopleurida. Originally purchased as *Cyphaspides* sp., it got improved identification by my friend Hervé Toublanc.
