

Bolaspidella housensis (Walcott, 1886) (TH559a)

Bolaspidella → Order Uncertain (ex-Ptychopariida) → Menomoniidae

Provenance : USA; Utah, Millard County

Formation : ? Fm

Age : Middle Cambrian

Details : Near-complete specimen, missing librigenae...and with barely any matrix. From old collection. According to my info (not provided with purchase), this species is from the Wheeler Shale Fm in the House Range. If I'm not mistaken, I got this free with multiple purchases. Addition to the collection thanks to Marco Maas.
