

***Kierarges morrissoni*** Corbacho, 2014 (TH472)

***Kierarges*** → Asaphida → Asaphina → Asaphoidea → Asaphidae → Isotelinae

**Provenance** : Morocco, "Fezouata Plains"

**Formation** : Fezouata Fm

**Age** : Late Lower Ordovician (Floian)

**Details** : Complete stretched-out specimen (internal mould with some damage done at prelabellar field by prepper – see detail images). Sorry for lesser quality of images (no sun out on day of photography). According to Corbacho (2014) the species also occurs in Portugal.

**Gotten on** : 27-28/11/2021

**Gotten at** : Namur Expo, Namur

**Event** : Namineral 2021
